

## Using the Tank Contents Editor

This feature allows the user to review and change the status of tanks, change tank contents, and enter tank amounts.

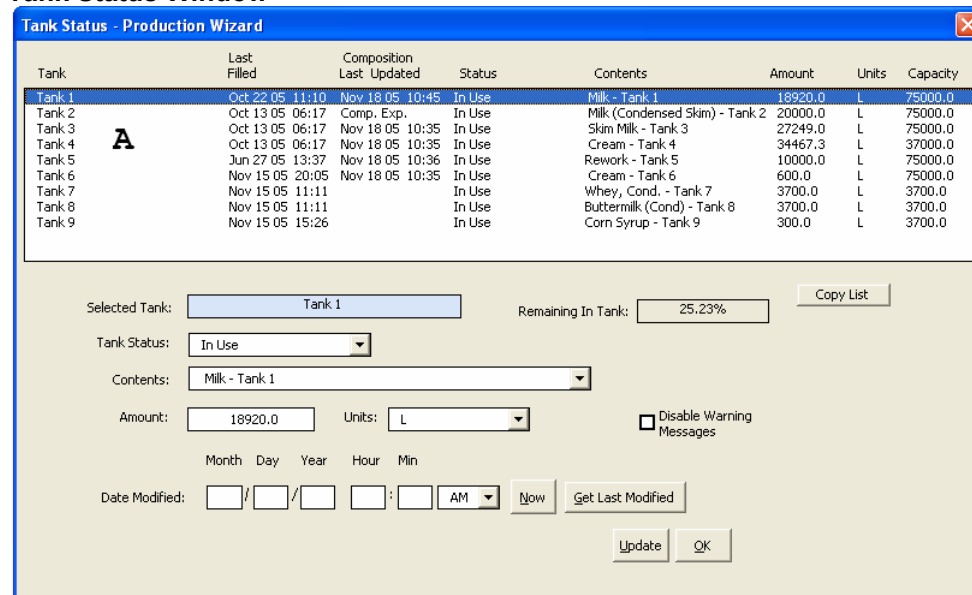

To start, select **Edit/View Tank Contents** from the **Production Wizard** menu.

### Edit/View Tank Contents

The **Tank Contents Editor** window appears. If you wish to review tank status, simply select the tank of interest from the list (A). In this case, Tank 1 is selected, which is in use, it was filled with milk on October 22, its composition was last updated on November 18, there is 18920 L remaining, and the tank has a capacity of 75000 L.

### Tank Status Window

Tank	Last Filled	Composition Last Updated	Status	Contents	Amount	Units	Capacity
